Homeless Connect Planning Team (1 year)

Work Experience

Special Education Teacher (5 years)

Orthodontal Assistant (3 years)

Ashton Park Water System manager (3 years)

Stay-at-home Mom (10 years)

Main Goal

My main goal will be to...

Generate a spark of positively charged interest in our electric cooperative by:

- Extending a sense of gratitude to the HEA team who work hard to keep the lights on,
- Listening to HEA member's ideas, taking their views to the Board, & encouraging them to express their thoughts to the powers that be,
- Educating myself about electrical utilities through training opportunities,
- Starting the transition to a renewable energy future that utilizes cost-effective technologies that work in cold climates,
- Continuing the ongoing work of the HEA Board to promote energy conservation and thanking the Board for that work,
- Maintaining my sense of humility by not letting the (electrical) power go to my head (no pun intended),
- And, bringing a smile to every board meeting.

Thank you for the Opportunity to run for the HEA Board!

Sincerely,
Kate Veh
